

# TUBE

TABLE

RANDERS + RADIUS

A wide-angle photograph of a modern dining room. The room features a light-colored wooden floor and white walls. In the foreground, there are several rectangular tables with black chairs. In the middle ground, there are more rectangular tables with black chairs, and a few round tables with white chairs. In the background, there are more tables and chairs, and a large window. The overall atmosphere is clean and minimalist.

*TUBE FOLD IS THE BRAND NEW  
FOLDING TABLE BY RANDERS+RADIUS.*

*IT USES AN INNOVATIVE DESIGN, WHICH  
TAKES FOLDING TABLES TO THE NEXT  
LEVEL.*

**TUBE**  
TABLE

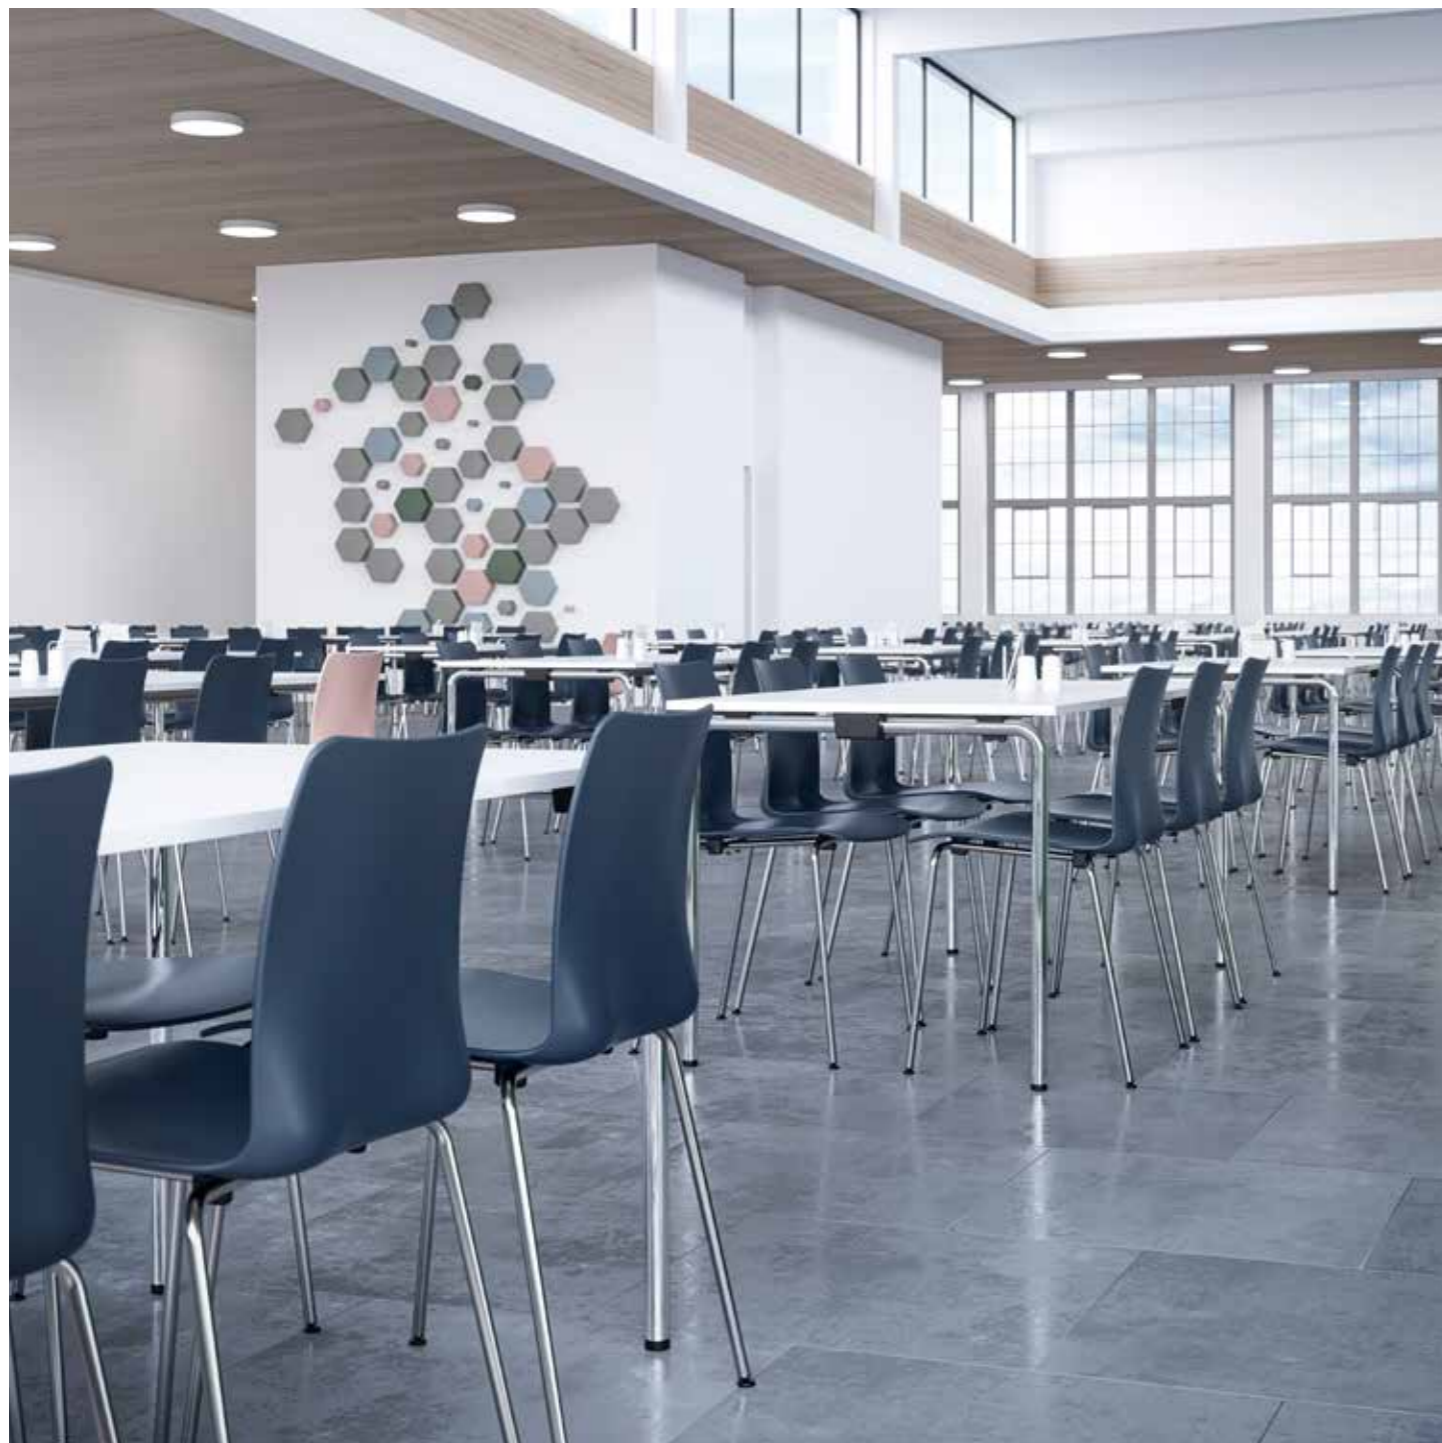

*TUBE is among the best in the world. A completely individual functional table with a level of quality, which exceeds expectations. TUBE is available in two versions - TUBE Fold, which is a folding table, and TUBE Stay, which is a fixed table. Both tables are built around an aluminium beam. This is the core of the table, and it contains the completely newly developed folding mechanism. TUBE Fold can be managed by just one person, as the folding function and associated stacking trolley is very easy to operate.*

*The table design is contemporary, with a beautiful table frame in a rounded design that fits in with the times. The frame is available in black lacquer, chrome or satin chrome. With TUBE, we are introducing a completely new edge: plywood, which gives the table a pleasantly modern look.*

*TUBE is the table that solves many different interior design tasks and fits in everywhere.*

TUBE

# TUBE

TABLE

- SIMPLE OPERATION USING A RELEASE BUTTON
